

Female Founders Accelerator

How to scale your existing social business

Programme Overview

“A girl should be two things: who and what she wants.”

-Coco Chanel

Who is it for?

This 4-month programme is dedicated to talented female founders who have experience running their successful businesses and are looking to take things to the next level.

We are providing a unique growth opportunity for women entrepreneurs who want to develop their existing business with the support of business and industry experts, dedicated coaches and peer review.

This programme is right for you if:

- you are running a successful business and want to develop strategies to help it grow
- you started your business at least one year ago
- you have at least £20,000 annual turnover
- you employ at least one member of staff
- you want to lead yourself as well as others
- you want to build your team the right way
- you want to be introduced to a growing network of fellow female founders
- you want to gain skills and knowledge in entrepreneurship and business
- you want to be part of the biggest start-up community in South London

Programme Themes

Stepping into Greatness

You will take your business to the next level through focused business workshops led by field experts, inspirational talks from female founders and 1:1 coaching and consulting.

Self as Source of Strength

You will develop resilience through self-reflection, insightful activities and leadership workshops.

Vibing Community

You will build strong connections with your cohort through regular check-ins, sharing circles and evening events. You will also have the opportunity to engage with the inspiring female founders and leaders that we invite to the programme and gain access to exclusive networking events.

How the Accelerator works

In the Accelerator we balance our sessions between processes and outcomes. Every second Friday we run workshops, expert led training sessions, or guided peer discussions on a topic that will help you grow your business. You will also have the opportunity to practice your pitch and hear directly from highly experienced female founders as they talk about their pathway to success.

Throughout the programme you will have access to a number of dedicated business consultants who are each experts in a chosen field. In addition to this, you have time allocated with a professional coach, which will allow you to focus on areas of the programme that are most important to your specific business goals.

Peer learning is a key element of the programme. As part of a cohort of 12 to 14 female founders, you will be expected to be curious, open-minded, and generous with your contributions. At the end of the programme you will participate in a graduation showcase, drawing on all that has been learnt, experienced and shared throughout the programme.

Benefits of the Programme

Recognition and Appreciation

Our corporate sponsors, JP Morgan, value and recognise female founders. By attending the welcoming session held in their Canary Wharf offices, you will have the chance to meet some of the company's top female leaders.

Created by Female Founders for Female Founders

In creating this programme, we have brought on board inspirational female founders with senior executive, educational and third sector experience, who understand your specific needs as female entrepreneurs.

Expert Workshops

We work with top experts in their fields to lead workshops that will provide you with all the necessary knowledge, skills and information for sustainable and innovative growth.

Facilitator Run Peer Led Discussions

We facilitate powerful discussions amongst you and your peers, which allow you to share knowledge and energy, and learn from fellow experts.

Networking with Established Female Founders

Through a series of intimate panel sessions, we help connect you to some leading female founders, who may act as role models or even future mentors. We are also linked up with several 'Women in Business' Groups at companies such as ITV, AVIVA, Salesforce, J.P. Morgan, and will be hosting networking events with them throughout the programme.

1:1 Coaching

Outside of the Friday sessions, you have four one hour coaching sessions with a carefully selected trainer, who will help your progression and assist with your professional and personal goal setting.

1:1 Consulting

During the programme you will have access expert consultancy. These consultants can help you with a specific business challenge or assist you in getting a project off the ground.

Legal Advice

You will receive free legal support (for 6 months) from top lawyers to help with structuring investment deals, employment expansion contracts, property contracts and more.

Securing (Social) Investment

Being part of the Female Founders Accelerator will enable you to share with us any investment raising ambitions. Hatch is well networked in London's investment and social investment sector, and can facilitate valuable introductions.

Key Dates

Here are key dates for your diary of the Friday sessions (8.30am – 5pm), welcoming and networking events (evenings) and the graduation showcase (1pm – 5pm). Coaching Sessions are organised at a time most convenient between you and your coach. Sessions will take place at Blooms London.
